The study of women in Islam investigates the role status of women within the religion of Islam. The complex relationship between women and Islam is defined by both Islamic texts and the history and culture of the Muslim world. Sharia (Islamic law) provides for differences between women’s and men’s roles, rights, and obligations. Majority Muslim countries give women varying degrees of rights with regards to marriage, divorce, civil rights, legal status, dress code, and education based on different The equality between men and women is undeniable. We must see Islam, and its effects on women in a bright light rather than a hopeless one. To understand the Moslem women’s state of affairs, I draw examples from Mohammad’s life, his instruction in the Koran, and my own life as a Moslem woman. Some critics of Islam complain that this religion is unfair to women because it says yes to polygamy. In the Koran, Mohammad instructs us as of several rights for Moslem women.
