Making India Hindu: Religion, Community, and the Politics of Democracy in India

David E Ludden

Abstract

"Written in the aftermath of the Babri Masjid demolition, Making India Hindu brings together the work of eminent scholars to provide an interdisciplinary perspective on communalism in India." "With an in-depth introduction and a new Preface, these essays show how Hindutva's spreading and deepening influence has drawn sustenance from cultural trends that permeate modern Indian history and from multifarious media that propagate-Hindutva." "This is a significant read for historians, political scientists, and students and scholars interested in the role of politics, religion, and nationalism in South Asia."--BOOK JACKET

Democracy is beauty of Indian politics! The people of India choose which representative and which political party should run the government. This gives them the power. Better representation of a larger range of public opinion. This does not only make the state unstable in the Islamic countries but is also an obstacle to the development of democracy and civil society. Read more – Can BJP Win The General Elections 2019? To show how modal religion impacts participation in politics, a test was conducted to show the differences of the Protestants and Catholics effects participation in politics. Now in India we all know that politics works on the basis of religion and caste. Before the advent of Modi, caste was more important than religion since Independence in 1947.
